My dear doctor Kenishi,

Remembering always the greatness of your hospitality, I am sending on a separated packet a picture of you and I exchanging presents at the wonderful diner-party you were kind enough to offer us.

At the end of February, my wife and I will have to fly from Hong-Kong to Los Angeles and if a stop-over in Osaka could be good or help the future of the relationship of our pharmaceutical companies, we should be delighted with the pleasure of seeing you again.

Hope you are in good health, I wish you and your family a very Happy 1988.

Cordially yours,
