Back in Mongofre from our mediterranean cruize,
I am in Mongofre waiting the end of October to visit you
in November.

Saly Gillespie tells me in a letter that you and
Catherine are all right what makes me very happy.

Please tell your son my lawyer that I have never
got the registration of my two american cards and I
will need the new ones when I visit you in November.
Give him my best regards.

Love to Catherine and you.
