My dear Mr. Li Bin,

Since I saw you in Beijing, we very often talk about you, your kindness, your intelligence and your good hospitality.

My wife and I, should like very much to see you in Spain in our house.

May be we shall go to New York in November but it is not sure.

Thank you for the magazines I received from time to time from China. I guess they come from you.

Hope to see you again, soon, I remain yours,
