Dearest BJ,

Delighted with your letter of october,10th just received.

We have had a great celebration for my 87 birthday.

Hope to be in Florida the first week of December. Impossible before because important cultural affaires in Menorca.

About you, Fernando and your Mother coming to Mongofre, it is the best new I have had in the last hundred years.

I shall be very happy waiting for you both and your Mother, but I put one condition : if I have to be really happy, you have to stay at least ten days because the Christmas Holiday in Spain begin on the 24th of December and last until January 7th.

Jacqueline and Rubi are in Paris and they both will be delighted to see you.

Love to Fernando and million kisses to you both.

Thank you for Don Fernando pictures and thank you too for the Happy Birthday card.
