

August, the 26th 1977

Mr. X.L. Pellicer,
101, Oglethorpe Bld.,
St. Augustine, Florida.

I confirm my cable of the day of the arrival back from our Mediterranean cruise. Finally I met the President of the "Rotary Club" in Madrid and we are going to be able to start the "Rotary Club" of Menorca probably in October or beginning of November. I am trying to collect the names for the foundation.

As soon as the Menorca Rotary Club is founded, we are free in Mahon and in St. Augustine to amalgamate both Clubs and work together. So I have been told by the President.

Please send me some comments.

I hope that your trip to Menorca is ready and that you will tell me by return mail the date of your arrival.

Sometime ago we received the joint sheet of paper from your photographer. We want twenty medals. Should you come to Menorca, please bring them with you. Otherwise, I shall collect them in November.
