Mr. X.L. Pellicer
St. Augustine, Florida

Dear X:

I hope that this letter finds you and your family well in St. Augustine. My family and I had a very enjoyable time there this past summer, and, as always, it was good to see you again.

I am sending you a copy of a letter to Jackie Fretwell and to Page Edwards at the Historical Society regarding the translation and publication of my book on the Minorcans of Florida. This letter was written in response to one that I received from them earlier in the month. I plan to send another copy of my letter to our good friend Dr. Fernando Rubi6 in Minorca. I imagine that he has now returned from his summer travels and is presently at Mongofre Nou. I sent him several letters this summer, but I don't imagine that he has had time yet to answer. I plan to write to him again, and I will send him a copy of this letter to you.

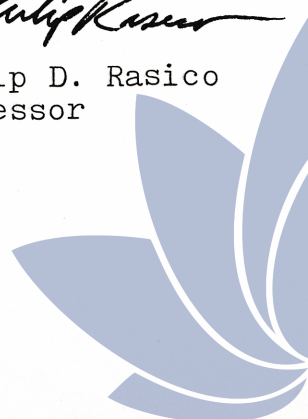

As I indicated to Jackie and Page, I have been working hard on the translation of my book, and I already have the first four chapters translated and in handwritten form. These are among the longest ones. I plan to complete the entire manuscript before typing the final version. This should be ready, I imagine, sometime late this coming Spring.

Jackie and Page appear to be concerned about settling the financial arrangements, and related matters, regarding the publication of my book translation. Perhaps you will already have spoken with Fernando about this when you receive this letter. I'm sure that you will do whatever is appropriate at this point concerning the economic question.

Will Fernando be coming to St. Augustine in November? I seem to recall his mentioning that he did plan to be in St. Augustine in the Fall.

With best wishes,

Philip D. Rasico
