Thank you for your post card from Mexico. I have never heard about that Club in Bahia Maguey and in my next trip to Mexico, I will try to see it.

I have been in the States in November and I phoned you from somewhere. You were not home and I told to Mike I would not go to Los Angeles because I had urgent business to attend in Spain.

Included your picture eating lobster.

We are planing with Jacqueline to go to India, Nepal, Seoul, Taipei, a few islands in the Pacific and the Indian ocean and we will stop for a couple of days in LA.

Best regards to Mike and Susan Bass and also to Kathy who seems to be with you in Mexico.
