Re: Rubio v. Rubio

Dear Mrs. Rubio:

I have received today from Frederick W. Scholem, Esq., the stipulations for substitution of Falk & Orleans, Esqs., and Ira Koenig, Esq., as attorney in the previous action in which he represented you (which I discussed with you on the telephone yesterday), and of which Mr. Scholem had not advised us, and about which you appear to have no knowledge.

Will you please sign these three papers at the place indicated in each instance, and return the same promptly to this office? There is a notarial acknowledgment needed, and I presume that you can have that taken care of.

As I explained to you, the purpose of this is to enable us to discontinue this pending prior action, which has never been placed on the calendar, and then to arrange with Mr. Rubio's attorneys to accept such discontinuance, and, upon the basis thereof, to have eliminated one of the defenses which has been set up in the answer that was filed on behalf of Fernando Rubio in the document that was served on us on March 15th, 1951, and which relates to the subject matter of the insurance feature of the contract.

I wish to confirm also that Henry Fried, Esq., the attorney for Mr. Rubio, phoned to me on March 15th and advised me that he had received a cable from Mexico from his client to the effect that he expected to come to New York in May, and it was Mr. Fried's suggestion that, perhaps, the few weeks' delay, without any further action being taken, might pave the way for the resumption of talks on the matter of some adjustment in May. Since, in any event, I have to clear up the matter of the discontinuance of the prior action and the other aspects of the case, as above indicated, and you are leaving for California and will be gone for a few weeks, I am sure that there will be no harm in letting matters remain in status quo until May.

Please see that the enclosed stipulations, signed and notarized, are promptly returned.

Kindest regards.
