Professor Philip Rasico
Vanderbilt University
NASHVILLE, Tennessee 37235

I arrived yesterday in Mongofre and I received the telegram about the book and Pellicer.

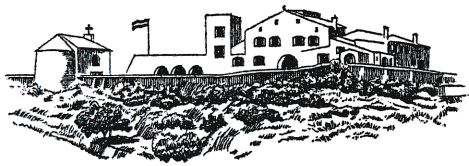

As you know, X.L. Pellicer was in hospital with the heart attack when I left Sant Augustine. I know he is much better but I don't dare to phone him, knowing his bad heart condition and his preoccupation for the book.

Subsequently, I wrote him a letter and may be in a week or ten days, I will dare to phone him.
