Dear Señor Burghersh,

A few days ago I arrived from my cruise around the islands of Greece and I knew about your kind visit feeling very sorry not to have been here to attend you. The souvenir you sent me of June Hutchinson make me feel very happy because here in Menorca we love her.

Please if you have a moment free be kind enough to send me the telephone number of June and her postal address. Thank you.

I will try to go to London next spring. If you come again to Menorca please let me know. I am not in Mongofre generally during June, July and August.
