SANT AUGUSTINE; Florida 32084

Dear Ted,

Back in Menorca, I want to repeat to you my deep sorrow in the death of your mother. Your father and your mother, were in the top of my list of friends and although we have been always separated by the ocean, they are always in my heart.

Sant Augustine without them will ~~not~~ beery different place for me, but anyway, I will try to visit you in **November**.

The Mayor of Ciutadella is trying to prepare some kind of festival between the minorcans from Florida and the minorcans from Menorca. I put your name in the list of great minorcans.

When we arrived ~~ffrom~~ our trip to Asia, I found the telegrame that you, your brother and your sister sent me. Please give them my love and gratitude.
