Dear Susan,

Jacqueline is in Paris.

Thank you for your letter of December 8th and the beautiful pictures included.

Now, with the pictures it is easier to dream you around in Mongofre.

I confirm you my previous letter with the schedule and flight numbers. Please be free to lunch or dinner with us on March 9th or March 10th.

Too bad, you don't find space at the Tiger Top in Nepal because it is the most interesting thing in the world.

Hoping to see you again, I send you and Michael our best wishes.
