

The 11th MApril 1974

Lord Ward de Witley
25, Chelsea Square,
L o n d o n , S.W.3.

Georgina sent me three letter and, although I replied the first one by telegram, it looks like she never got the telegram and that is why I am sending you the copy of my today's letter to her.

In my letter to Georgina, I do not tell her the most important thing to go on with the letting the bull ring, but I hope you understand that I only say "yes, in principle".

Being the plaza de toros "Geordie Ward" you will realize that the first thing we need is your authorization. And moreover we shall need your presence and Barbara's presence, if we reach an agreement with Georgina.
