RE: Visit of Dr. and Mrs. Fernando Rubió

I would like to remind colleagues and graduate students in the Department that on Tuesday, March 15, Dr. and Mrs. Fernando Rubió will be visiting the University. The Department will honor them with a reception in the lounge (next to FM 311) at 3:30 pm. All are cordially invited to meet and speak with Dr. Rubió and his wife, and to partake of the tapas and libations.

As you know, Dr. Rubió is a distinguished Spanish physician and pharmacologist from the island of Menorca who has personally witnessed the many changes in his native Spain since 1900. He has been a longtime friend of many noted Spanish political and cultural figures, and, undoubtedly, he will be most delighted to meet the members of our department and to discuss matters of mutual interest at the reception to be held in his honor.
