Dear X and Catharine:

Thank you very much for your kind telegram which arrive exactly on time, what prove that you are a very clever ~~man~~ and very able to interpretate the complications of the changing of time and clocks around the world.

I hope that you are both in good health and I am in good health too. My intention is to arrive in Florida around the fifteenth of November but it is not yet sure the exact date which I will announce you as soon as I know it.
