Dear Senor Vinent:

I was very pleased to receive your letter expressing interest in developing a Youth Exchange Program with us. The St. Augustine Rotary Club has given me permission to begin the proceedings immediately.

We would like to suggest that you send us a college level student, (male or female), with an English speaking capability. This student would live on campus at Flagler College, September through April. Our Rotary Club would assist the student in every way possible by providing home visits, trips, etc. for the duration. There would be few dull moments. The student would also become a member of our Rotaract Club.

We understand that Menorca does not have a college. Is this correct? If this is the case, we would like to send to you a High School student, (16-17 years old). This would entail the problem of housing and other amenities.

I would like very much to establish the program and have it operational by Sept. 1, 1986.

Please let me know how you feel about the date and any other planning ideas you may have.

Please convey our highest regards and best wishes to the Rotarians of Menorca.

Sincerely,

Stuart W. Reid
