Mr. Whitney Straight,

London, W.1.-

Thank you for your intervention with "Weidenfeld & Nicolson". They already wrote me a letter and it seems that it is impossible to get the rights for the publication of THE PAPACY.

Thank you for all the troubles you take for my boat.

Being you so kind always, I dare to ask you to buy for me a pair of glasses like the ones you see in the ad that I am including. I advise you to keep the glasses and when you come to Mallorca, you pass them to Miss A. Cabanellas for me.

Please tell me when you are going to Mallorca and I shall do my best to reach you there.

Missing the señoritas Valdés in London, you missed something, because they are the most beautiful, etc. etc., girls in the world.
