SANT AUGUSTINE, Flo 32084

It was sad for me leaving Sant Augustine with you in bed. Thanks ^{God} a lot, you were very well when we left Florida and the next two days, I phoned Catherine and you were doing very well.

Professor Rasico looks nervous about the future of the book and I would like you to tell me the exact situation of the matter.

In Menorca, everything is all right and we all hope that you are too absolutely all right.

Love to Catherine.
