Dear Mrs. Sorrentino,

Excuse-me if I bother you. I see in the newspaper an explanation of the beautiful island of Phuket in Thailandia, near Bangkok. They talked on it of Meridian Hotel but may be there is something better in the island.

We would like to go again to Nepal if Febuary or March is not raining season there. Our jounet should be among Febuary and March.

Please send information when you can.

Thank you in advance and love to you.
