Dear Professor Rasico:

Thank you for your letter of march 30 and thank you again for writing me in such a beautiful catalán language.

Your visit to Menorca is a great good new for me because we admire your work in the field of our language and for your great interest on the Mánorcans in Florida.

Precisely on the 25th of May we will arrive in the Menorca airport at ten o'clock in the morning with the american-spanish delegation presided by His Royal Highness the "Conde de Barcelona" to celebrate some anniversary of the first USA Admiral Farragut whom, as you know, was a Minorcan.

I would like very much your presence for the festivals and I beg you to arrange your visit here for the same date.

I shall arrive in Menorca from Madrid in the USA navy plane at ten o'clock a.m. on the 25th of May.

I cannot tell you now the exact schedules of the celebrations, but I will make you included in all the acts.

Please reply me as soon as possible accepting.

In the hope of meeting you soon, I am very truly yours,

Fernando A. Rubió
