Dear Professor Rasico,

After my return from Nashville and Florida, I didn't long in Menorca.

I have been out of Mongofre and staid several days in Barcelona for business problems and in Madrid for the same reasons. I have also been in Switzerland and Paris.

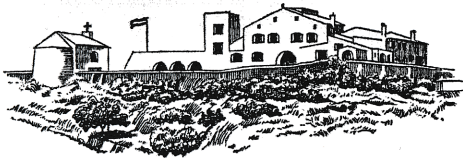

I have no time now to reply to your kind letter and I only wish to congratulate you for the "Premis rebuts". I watched Professor Roca Pons receiving all of the premis on the catalan television and I was sorry not to be able to atend the act because my first notice of your price was seeing Roca Pons on television. I deeply congratulate you and also for the "Serra d'or".

I will write you again in a few days before I take off on the yacht.
