Dear Dr. + Mme. Rubio;

Thank you again for having us at Mengofre last week; Susan + I are still talking about the wonderful vacation we had! I appreciate too all the time you took to show us different parts of the island - though I know there's still lots I didn't see. But I guess we had to save something for next time.

Our flight to London was smooth + we left for L. A. early Friday morning. The weather here is cool now + I really miss the days on the beach

Please say hello to your family for me when you see them. Michael sends his regards (* he liked my shoes * the gin.) Hope to see you soon.

Love,
Susan
